

Beaufort Fire Brigade

Flynn St., Beaufort, 3373
P.O. Box 88, Beaufort, 3373

Create a fire safety message in the flame and decorate it.

Use the **QR code** below to watch the short fire safety video. What other fire safety messages do you know? Decorate the flame to show your message. We would love to display these images in town to help others learn about fire safety too. If you would like to see your picture displayed, please hand them back in to the school.

Some examples of what you could show:

- What does a fire fighter look like? Do you know someone who is a fire fighter?
- What does a fire fighter do? Did you know we do more than put out fires?
- What does a safe fire look like? How can we use fire for cooking and warmth safely?
- Why are smoke alarms important?

How to scan the QR code:

1. Press and hold the Home button on phone
 2. Then tap lens
 3. Point your camera at the QR Code
 4. Then tap the magnifying glass icon to scan
 5. the code.
 6. Finally tap the pop up notification
- *The code links to a video on Facebook
