

Foundation/Prep Remote Learning PE Week 7 & 8 – 60 Second Challenges!

Over Week 7 & 8, see how many medals you can achieve in this 60 Second Challenge activity. Don't forget to keep ticking off as many of the Bingo activities as you can from last week as well, this may take more than 1 or 2 weeks week! You can change or modify any activities as needed. Send in your 60 Second Challenge and Bingo card progress each week to achieve Dojo points.

In addition to our 'no tech' Bingo and 60 Second sheets, many more activities are being posted on my PE page of the school website. I am adding more things each week as added support to those who might require it, especially when stuck in doors due to wet weather.

Don't forget to email pictures of your weekly Bingo and 60 Second Challenge 'medal tallies' so I can award Dojo points. All Completed 60 Second Challenge and Bingo cards are asked to be sent or handed in to me, Miss Feely, at school at the end of Remote Learning to be eligible for prizes!

You can also email any other pictures of you completing planned or your own activities to upload to our photo gallery
